

Address Validation

Real-time addresses just from a postcode or partial address

Address Validation is our leading real-time service which provides a full address finder facility, producing accurate addresses from a postcode or partial address using Royal Mail's UK Postal Address File (PAF). Our address validation web services allow you to quickly capture address data 24 hours a day, 365 days a year through our secure servers. Our services can be installed and integrated into your systems in minutes.

Integrations:

- Your [website](#) as an auto fill web service
- API integration ([Sage](#), [Salesforce](#) and [Microsoft Dynamics](#))
- Shopping cart solutions API integration ([Magento](#), [OpenCart](#) and [Prestashop](#)).

Features:

- Capture and auto fill information in seconds
- Available online or on premise
- Simple plug in

Offered online or on premise address validation service can be installed and integrated in minutes.

Benefits:

- Accurate addresses captured in real time
- Improved campaign effectiveness
