

Sage 50 Accounts & Instant Accounts

Improve the quality of your data and customer experience with our Sage 50 Accounts and Instant Accounts integration

Enhance Sage 50 Accounts and Sage Instant Accounts with address validation, phone validation, email validation and bank validation in minutes. Our complete Sage plugin technology adds address validation functionality to all address entry screens in Sage and validates telephone numbers and email addresses wherever they are entered.

Bank account numbers and sort codes are validated and bank addresses are automatically populated based on the sort code. IBAN and BIC numbers are added automatically. Credit checking functionality is backed by the very latest financial details available for each company ensuring you are engaging with the right customers.

Features:

- Capture accurate data first time, every time
